

MERCEDES-MAYBACH

2026 S 580 e

First Class

COMING SOON · FIRST UK DELIVERIES EXPECTED SEPTEMBER 2026 RHD

The Mercedes-Maybach S 580 e First Class is the plug-in hybrid flagship of the Maybach S-Class range. A 2,999 cc inline-six works with a 120 kW electric motor for a system output of 585 hp and 750 Nm, with 58 miles of electric range on WLTP, so most chauffeur duty cycles run without the combustion engine starting. First Class is the rear-compartment specification: two individual executive seats rather than a bench, a fixed partition with clear window and curtain, folding tables, calf massage and neck and shoulder heating. This listing is the right-hand-drive car, built and homologated in RHD for Ireland, the United Kingdom, Malta, Cyprus, Kenya, Uganda, Australia, New Zealand, Hong Kong, Malaysia, Sri Lanka and the Caribbean markets. Specification here is taken from the Mercedes-Benz Cars UK configurator rather than from press coverage. Photography is Mercedes-Benz press

imagery of the Mercedes-Maybach S-Class shown with Providence Auto plates, and illustrates the model line rather than this exact build and finish.

Why import this S 580 e

01 Built around the back seat
First Class is the rear-compartment specification: two individual executive seats instead of a bench, a fixed partition with clear window and curtain, folding tables, calf massage, and neck and shoulder heating. The front of the car is where the driver works.

02 58 miles before the engine starts
A 21.96 kWh usable battery gives 58 miles of WLTP electric range, which covers most chauffeur duty cycles without the combustion engine running. 10-80% takes 20 minutes on DC, or 2.25 hours to full on an 11 kW wallbox.

03 The CO2 figure your tax office will read
Weighted CO2 is declared at 69 g/km under Euro 6e-bis. In markets that band registration tax by CO2 the authority reads that figure from the Certificate of Conformity, not from a brochure — so budget from the CoC for your actual chassis.

04 Right-hand drive, homologated
Built and type-approved in RHD for Ireland, the UK, Malta, Cyprus, Kenya, Uganda, Australia, New Zealand, Hong Kong, Malaysia, Sri Lanka and the Caribbean markets. As a new car it sits outside the used-import age limits that govern those markets.

Specification

VARIANT / TRIM	First Class
ORIGIN	Germany
ENGINE	2,999 cc 2,999 cc turbocharged inline-6 petrol with 120 kW electric motor (plug-in hybrid)
MAX POWER	430 kW (585 hp) system output — 330 kW (449 hp) engine plus 120 kW (163 hp) motor
MAX TORQUE	750 Nm at system output
TRANSMISSION	9G-TRONIC 9-speed automatic, all-wheel drive
FUEL SYSTEM	Hybrid
STEERING	Right-hand drive (RHD)
EMISSIONS	Euro 6e-bis
HYBRID TYPE	Plug-in hybrid (PHEV)

0-62 MPH	4.8 seconds
TOP SPEED	155 mph
USABLE BATTERY CAPACITY	21.96 kWh
ELECTRIC RANGE (WLTP)	58 miles
EQUIVALENT ALL-ELECTRIC RANGE (EAER)	59 miles
WEIGHTED CO2	69 g/km
COMBINED CONSUMPTION	94.2 mpg / 18 kWh per 100 km
DC CHARGING	10-80% in 20 minutes, up to 60 kW
AC CHARGING	0-100% in 2.25 hours, up to 11 kW
LENGTH	5,484 mm
WHEELBASE	3,396 mm
WIDTH	1,921 mm (2,123 mm with mirrors)
HEIGHT	1,510 mm
KERB WEIGHT	2,741 kg
PERMISSIBLE GROSS WEIGHT	3,070 kg
BOOT CAPACITY	320 litres
FUEL TANK	67 litres
TURNING CIRCLE	12.4 m
SEATS	4
UK LIST PRICE AS CONFIGURED	£206,090 on the road (Mercedes-Benz Cars UK, 26 March 2026) — includes UK VAT and registration costs, not a landed figure

Colours

EXTERIOR

- Obsidian Black Metallic
